

## Member Code of Conduct

In addition to the Best Buddies Member Agreement that can be found [here](#), I also agree and understand that:

- This is a one-year commitment, and I am required to submit a monthly check-in to ensure that everyone is following through with the club requirements.
- Transportation is **not included** in our Best Buddies program. Parents, guardians, or caregivers are always responsible for transportation to and from USC Best Buddies events and other club-related activities.
- All Buddies are responsible for their own expenses, including meals, refreshments, event tickets, etc. unless prior, agreed-upon arrangements have been made by the USC Best Buddies Leadership Team and/or The Arc of South Carolina.
- The purpose of the Best Buddies College Program is to promote one-on-one friendships between young adults with intellectual and developmental disabilities and college students. **I understand club-related activities are only for Buddies, Peer Buddies, and Associate Members of the USC Best Buddies program.** \*Parents, caregivers, and/or guardians are also welcome to attend any club-related activities.
